

Tinté D'Acqua Stain™

CREATE UNIQUE decorative cementitious surfaces with Tinté D'Acqua™ deep penetrating, water based stains. Tinté D'Acqua's™ permanent coloring solutions add life and luster to new and existing concrete floors, patios, driveways and vertical surfaces. Tinté D'Acqua™ is ready-to-use, easy to apply, environmentally friendly, chemically resistant and offers an extended life to all concrete projects.

Tinté D'Acqua™ is available in twenty-eight standard colors that can be blended to create additional colors of your choice. Apply in layers to create dramatic antiqued coloring effects.
